Started preparation ?

Till last year Prelims Test Series was inaccessible to the aspirants with less time and money , we tried to help and shared all the tests of various coaching centers available online in pdf format. But the exam like environment while taking the test was missing for most of the aspirants , some are great students who were able to recreate the scenario by self imposed restrictions .

We have a solution this year .

Online Test Series By Xaam where you get 60 + tests + Tests Based on Previous Year Prelims Questions + Mock Tests of Various Prominent Coachings converted to Online Test Mode

All This @ Rs 600

Why Rs 600 , Because we have set a limit to what 1 test should cost at xaam , that is less than Rs 10 . As we will not cross the Upper barrier , we can go downwards and reduce the per test cost even further . Which we will do this year 60 Tests + More than 10 Previous Year Based Tests + More than 50 Tests of Various Institutes . You calculate the Cost ☐
